

E·gress

a film exploring the twilight world of dementia.

National tour presented by artist **Marie Brett**

E·gress is a soulful and stirring film produced by artist Marie Brett and musician Kevin O'Shanahan following an intensive collaboration with the Alzheimer Society of Ireland. Families, carers and individuals diagnosed with dementia participated in a regional project led by the artists who captured personal experiences of dementia through photography, film and sound recording. The artwork is a multi-layered portrait of living moments on life's edge, inviting us to contemplate love, loss and life itself.

You are invited to the E·gress screening in Waterford, with a special discussion event
